+ Description

Situated at the foot of the ramparts of Obernai, on the famous Alsace wine route, La forêt campsite welcomes you to a green and undulating setting, far from the hustle and bustle of the city, where you can "switch off". Set in the countryside, yet close to all the must-see sites in Alsace and on the other side of the Rhine, our campsite has all the ingredients for a vintage holiday: wine, food, hiking, sightseeing... and relaxation! In the heart of this charming region, you'll find flower-filled villages, storks, medieval castles, paths dotted with vines or lined with half-timbered houses... So why not take a cultural and gourmet break!
