+ Description

10th edition of the event. A running event open to all, organized by "Courir à Obernai". The 11 km around the town and the 150 m elevation gain will enable runners used to flat courses and those who prefer hilly ones to compete, half on road and half on trail, with the climb to Mont National at the 6th kilometer. The passage to the Croix Blanche will give runners a glimpse of the beautiful town of Obernai. The rest of the route will allow you to unwind your stride and finish on the town's rampart.

No on-site registration. Registration only via www.sporkrono.fr/
